

BARRIER BREAKERS

Financial Health Innovation Challenge

 2027 · Date coming soon

THE CHALLENGE

High school students are invited to solve systemic barriers to financial health. Compete in teams or individually to build solutions that matter.

Whether it's an app, a policy proposal, or a community program—if it breaks a barrier, we want to see it.

Bring something to show and a 60-second pitch. Three judges visit every team. Five finalists present to the whole room, so have five minutes ready too.

No coding experience required. Use AI tools, research, and creativity to build your vision.

Pick a Barrier
